

## 2020 CENSUS -Why is it important?

Responding to the census is not only your civic duty; it also affects the amount of funding your community receives, how your community plans for the future, and your representation in government.

Specifically, data from the 2020 Census are used to:

- Ensure public services and funding for schools, hospitals, and fire departments.
- Plan new homes and businesses and improve neighborhoods.
- Determine how many seats your state is allocated in the House of Representatives.

Please, while you are home and have the time, fill out your 2020 Census. Every home received at least one mailer and it can be done online at: [my2020census.gov](https://my2020census.gov)
